Illustrator**GESUNDHEIT!**

Gesundheit! is an intimate gathering of individuals coming from different paths of life. Stepping in and stripping off conventions, the performers invite you to join in the circle for a 360° experience of dance, music and spoken word.

A raw, honest and unbridled meeting point, this intense encounter takes the audience into a unique world where three characters explore and unravel their relationship.

*"Dam Van Huynh's choreographic language speaks of a clear physical elegance."*

TheMuse.sg

Dam Van Huynh has carved out a unique choreographic voice. His ongoing research focusing on the exploration of the torso gives his creations a distinctive signature and arresting style.
